AINS, Account Analyst & Wrap Up Administrator

ACTIONS MATTER.®

Meghan Bergeron has worked at the Graham Company since 2018 within the Account Management Department. She enjoys working with each of Graham's unique clients and participating in the Wrap Up Programs that our company supports. Meghan was born and raised in Michigan and is grateful to continue working for Graham in a remote position. Although the winters can be rough, Meghan loves being able to fully enjoy all four seasons with her husband and two children, especially the Fall where she feels most at peace!
